Two separate car accidents with the vehicle rolling over occurred last week in Crawford County.

On June 10, about 10 a.m., a vehicle driven by Elga Seibert, of Midland, went off northbound I-75 near the 263-mile marker and turned over. The jaws of life equipment were called but the 40-year-old woman was freed before the unit arrived. She was transported to Grayling Mercy Hospital by the Frederic Township Ambulance crew and the extent of her injuries were unknown.

No serious injuries were reported following the roll over of a vehicle driven by a 16-year-old Oakland County youth. The Crawford County Sheriff Dept. report said the youth took the curve too fast and lost control on Wakeley Bridge Road about one mile north of M-72 East. The accident occurred June 7 at 12:48 a.m. and the youth was cited for operating a vehicle under the influence of liquor.

The busy summer police action continued for the sheriff dept last week answering 125 complaints, including 12 ambulance calls, seven larcenies, and three reports of malicious destruction.

## Kirtland's Warbler Tours Continue

Kirtland's warbler tours, conducted by the U.S. Fish and Wildlife Service, are open to local residents and area visitors everyday now until July 4.

Two tours are conducted daily beginning at 7 and 11 a.m. from the Grayling DNR field office. Persons interested in the tours will have to provide their own transportation from the field office to the Kirtland's warbler areas located a few miles away.

Cameras are permitted and binoculars and spotting glasses can be helpful in spotting the small, rare bird. The tours offer an excellent chance to see the "bird of fire" yet disturbances in the nesting area of the bird are prevented and avoided with the conducted tours.

Groups of more than 10 persons are asked to call the field office for reservations.

## Road Improvement Slated for Lovells

**THE BRITISH ARE HERE**—One hundred and twenty members of the Queen's Own Mercian Yeomanry, England's home defense troops similar to our National Guard, have been training at Camp Grayling as part of an exchange program that sent 120 National Guardsmen from Saginaw to England. The British soldiers practice boarding a helicopter while on a field maneuvers in the above picture.

## British Troops Use Camp Grayling for Training

(Special to the Avalanche)

It will be a busy summer for Camp Grayling this year as troops from Michigan, Indiana, Ohio, Kentucky and even Britain will be using the area for Annual Training.

The activity began June 5 when 120 members of the British Army arrived for two weeks combined training with components of the 1st Battalion of the 125th Infantry from Flint. The British unit is a composite made up from the Yorkshire Territorial Army called the Queen's Own Mercian Yeomanry.

During this same two-week period, Company B, 1st Battalion of the 125th Infantry from Saginaw has 120 of their personnel in England for their part of the exchange training program.

On June 12 nearly 5,000 troops begin arriving for

their two-week training period. The Michigan Army National Guard is sending members of the 46th Engineer Group, 177th Military Police Group and the 72nd Support Brigade.

Training with the Michigan troops this year will be members of the 1st Battalion, 238th Cavalry Squadron, from the Indiana Army National Guard, 807th Combat Support Hospital of the Army Reserve in Kentucky and the 387th Quartermaster Company of the Army Reserve in Ohio.

In July the 46th Brigade will be here training with elements of the Indiana Army National Guard.

Training out-of-state this year will be Det 2, 1903 Transportation Company and the 207th Combat Support Hospital who will travel to Fort Campbell, Ky in July.

Fort McCoy, Wisc. will be the site for Operation Bold Cactus and some members of the 107th Service and Supply Battalion and the 746th Maintenance Battalion will be there for two weeks beginning in late July.

Units having the opportunity to train overseas this year are members of the 460th Service and Supply Company and Headquarters Company 177th Military Police Group who will be in Germany in August.

Personnel from the 1070th Maintenance Company will travel to Mannheim, Germany in November. Already completing overseas training were members of the 746th Maintenance Battalion and the 1072nd Maintenance Company who were in Germany.

## Minnow-harvesting by Commercial Fishermen Banned on Lake Margrethe

(Special to the Avalanche)

Minnow-harvesting by commercial fishermen has been banned on Lake Margrethe, members of the Lake Margrethe Property Owners' Association have learned. The action taken by the Dept. of Natural Resources was reported to association members by President Rex Moulton at their first meeting of the 1982 summer season, held Saturday, May 29, at the St. Francis Episcopal Church hall.

The ban had been sought by members since 1976. The DNR's order, effective this year, was issued on the recommendation of Gary Schnicke, district fish biologist based at Mio. He said the prohibition is permanent, unless specifically revoked by the DNR, and applies to a number of area lakes, including K.P. Lake and Higgins Lake.

Schnicke told The Avalanche he recommended the ban because of cumulative complaints of trespassing and other abuses filed by private property owners, and over-harvesting at some smaller lakes. He said loss of minnow-population was not a factor in the Lake Margrethe decision.

The LMPOA general membership meeting also heard a wide-ranging discussion by local officials of plans, problems and future prospects for Camp Grayling, township taxation, the sheriff's marine patrol

and the Hanson Hills Recreation Area. Sheriff Joseph P. White described how cutbacks in state funding threatened suspension of marine patrol service until additional county support was provided for the current year. Members voted to petition both state and Grayling Township authorities to make supplemental budget commitments for 1983 to keep the marine patrol functioning efficiently.

Township Supervisor Bernard J. Fowler said the township board was seeking ways to ease the local tax burden on property owners, without jeopardizing current levels of state funding. He said state taxing authorities so far had rejected township

## Maple Forest Residents Concerned with Landfill

By Jon Thompson

Concerned that dangerous unidentified waste is being dumped at the Crawford-Otsego Landfill, residents of Maple Forest have requested more monitoring controls at the landfill.

The Maple Forest residents are also opposed to the landfill - located halfway between Grayling and Gaylord in Maple Forest - being used by other counties and being closed on Sunday.

In a letter to the Crawford County Board of Commissioners, Maple Forest Township Supervisor Robert Murphy said, "It has been brought to our attention that certain dangerous unidentified waste and materials are being dumped at the landfill.

Some of the materials are considered to be unburnable by the federal government. We would like to see more extensive monitoring of the landfill and our township be provided with detailed

reports on the condition."

Murphy went to say how the residents felt closing the landfill on Sundays was a mistake because many people now dump waste on state and private lands when the landfill is closed.

The letter also stated the residents were definitely against any outside use of the landfill by other counties or commercial haulers from other areas. A 1981 solid waste study reported two sources from outside Crawford and Otsego counties dumping waste at the landfill - Proctor and Gamble, of Cheboygan which disposes diaper waste, and a 75-cubic-yard transfer station from Emmet County.

The Maple Forest residents also said the excessive weights of trucks hauling trash were breaking up their roads and the large number of pick-ups and trailers carrying uncovered loads constantly littered the town-

ship.

They said because of these inconveniences they should be able to use the landfill at no charge as it is done in other counties.

The Maple Forest residents said in their letter if these conditions are not seriously considered or met they will petition to have the landfill closed.

The commissioners ordered a study of the landfill by the county Dept. of Public Works and will respond to the township as soon as possible.

The landfill, started in 1974 by the two counties, covers 20 acres and negotiations are underway with the DNR for the use of an additional 80 acres. The landfill is located about one mile south of the Crawford-Otsego boundary with Sherman Road providing access.

The landfill handles an average of 40 tons of garbage a day.

## 19 File for County Positions

Nineteen persons met the deadline for placing their names on the August 10 primary in races for 12 county positions.

The most sought after position is Crawford County Clerk and Register of Deeds. Four persons, Nancy Krey, James Kolka, Robert Prause, and Elizabeth Wieland, filed to have their names placed on the ballot. Krey, Kolka, and Prause will be seeking the Republican nomination in the August primary. Wieland is seeking the Democratic nomination. The winner of the November election acquires the position for two years.

All seven county commission seats will be up for grabs in the November election for redrawn districts.

In District 1, current county commission chairperson Jeannette Kitchen seeks the Republican nomination opposed by Milfred Herluf Moshier in the August primary.

In District 2, incumbent Mary Harland seeks the Republican nomination.

In District 3, incumbent Andie Neilson seeks the Democratic nomination.

In District 4, incumbent Larry Mattis seeks the Democratic nomination.

In District 5, incumbent Walter Nowak and Don Welser seek the Republican nomination.

In District 6, incumbent John Miller seeks the Democratic nomination.

In District 7, Garland Joyce and Harold "Dick" Raab seek the Republican nomination.

Matt Bidvia is the only current county commissioner who did not file to have his name placed on the August ballot.

Two persons filed for a six-year county road commission seat. Incumbent Grover Cason seeks the Democratic nomination and Gary Lee Willoughby seeks the Republican nomination.

Incumbent Emil Kraus is running on a non-partisan ticket for a six-year Judge of Probate term.

Arthur and Mary Jane Thayer seek the Republican nominations to be Precinct Delegates for the county political convention.

The August primary will be a straight-party-voting primary. Voters will not be able to split their votes between parties.

## Senate, Congressional Districts Redrawn

The state senate and congressional districts and the U.S. congressional district containing Crawford County have all been redrawn as part of the 1982 reapportionment process.

The Michigan senatorial district including Crawford County has been changed the most. Crawford was in Mitch Irwin's 37th District including most of the northern lower peninsula and the eastern upper peninsula. Now Crawford is part of the 36th District, the largest in the state covering 16 counties from Lake Michigan to Lake Huron. Besides Crawford, Oscoda, Ogemaw, Roscommon, Wexford, Presque Isle, Montmorency, Kalkaska, Missaukee, Manistee, Leelanau, Lake, Iosco, Benzie, Alcona, and Alpena counties are in the new district. No incumbent senators reside within the newly drawn district.

The state congressional district including Crawford County is still the 103rd but several changes have been made. The 103rd retains Crawford and Antrim counties, adds Oscoda, Otsego, and all of Roscommon while dropping Kalkaska, Missaukee, Clare, Osceola, Isabella, and Grand Traverse. Ralph Ostling, R. from Roscommon, represents the old 103rd and is running for re-election in the new 103rd.

In the U.S. congressional district boundaries, Crawford County was divided between two districts. Beaver Creek Township was in the 10th represented by Don Albosta and the rest of the county was in the 11th represented by Robert Davis. In the new districts, Lovells and Frederic townships will be included in the 11th and rest of the county will be in the 10th.

## New School Meeting Monday

The possibility of starting a new private school in Grayling will be discussed at a meeting Monday, June 21, at the Chief Shoppenagons Hotel at 7 p.m. Attendance of persons interested will help determine the possibilities of starting a private school, primarily aimed at grades K-5.

Miss Virginia Skingley accompanied by her cousins, Misses Marian and Evelyn Skingley, drove to Manicelona Wednesday and spent the day.

Mrs. Walter Woodson and daughter Matilda, of Salisbury, N.C., are here for their summer's sojourn, visiting her mother, Mrs. H.A. Bauman.

### 69 Years Ago June 19, 1913

The baseball season was opened in Grayling last Sunday by the local team defeating the Manistees in a very interesting game of 6 to 5. At the beginning of the ninth inning the game stood 3 to 5 in favor of the visitors, but Letzkus opened the inning for Grayling with a two-base hit which started the ball rolling and when the inning finished three more lumber-makers had crossed the plate. Batteries for Grayling were Jones and Fuller.

The forest fires in the district are well under control.

Going fishing is still the popular treatment for spring fever.

George Olson and sister, Miss Anna, returned from the west last Thursday after spending the winter there.

Announcement has been received here of the marriage of the daughter of Mr. and Mrs. Arthur Brink, Miss Margaret, to Mr. John S. Waughness, which occurred in Everett, Wash., on June 10.

The Mesdames John Harrington and Homer Benedict are attending the G.A.R. encampment at Lansing this week.

Miss Lillian Bates, Miss Bement, and Mrs. Keyport and Miss McPhee are enjoying a few days at the Bates cottage at Portage Lake.

Harry Connine is home from the U. of M., having arrived yesterday afternoon.

## The Bible Speaks

From Calvary Baptist Church

### Sanctification & Self Romans 7:15-25

Romans 7:15-25 introduces us to the last and greatest roadblock to our Sanctification - self. Read through this portion of scripture and notice the personal pronouns "I", "me" and "my" are used over 35 times in reference to self. We shall study the contrast and conflict between our old carnal nature of verse 14 and our new spiritual "inward man" of verse 22. This is a battle every true Christian has fought many times.

The carnal Christian has proper concepts of right and wrong, but does not have the power to put them into practice. "For that which I do I allow not; for what I would, that do I not; but what I hate, that do I." Verse 15.

The carnal Christian not only hates that which is wrong, but he will acknowledge God's law is good. "If then I do that which I would not, I consent unto the law that it is good." Verse 16.

The carnal Christian is controlled by the lust of his sin nature rather than his will. "Now then it is no more I that do it, but sin that dwelleth in me." Verse 17.

The carnal Christian must recognize the total inability of the old nature to perform that which is good and right. "For I know that in me (that is, in my flesh,) dwelleth no good thing: for to will is present with me; but how to

perform that which is good I find not." Verse 18.

The carnal Christian must recognize the evil law of the old nature which controls his practice of sin. "For the good that I would I do not; but the evil which I would not, that I do. Now if I do that I would not, it is no more I that do it, but sin that dwelleth in me. I find then a law, that, when I would do good, evil is present with me." Verses 19-21.

The carnal Christian must recognize that reliance upon self can only lead to defeat, despair and death. He must be delivered from without, and not by his own efforts. "For I delight in the law of God after the inward man: But I see another law in my members, warring against the law of my mind, and bringing me into captivity to the law of sin which is in my members. O wretched man that I am! who shall deliver me from the body of this death?"

A preview of victory is stated in Romans 7:25: "I thank God through Jesus Christ our Lord, So then with the mind I myself serve the law of God; but with the flesh the law of sin." We must realize the constant warfare between our mind and our flesh and allow Jesus Christ to be Lord of our lives. This will be the theme of victory as we move into Romans 8. (adv.)

## From Our Corner ...

Post date, Saturday, June 12th...if we don't get this turkey rolling we don't know what is going to happen for this week's column...seems like lately we keep falling back, pretty soon we'll be doing our corner on Wednesday afternoon as soon as that week's issue is out...every weekend we have been out of town, or it has been a holiday, now last Sunday we were in Evert attending a graduation reception for our niece's son, so we started this effort Saturday afternoon...just to get a head start for Monday...stick with us, something might materialize to fill this space...

We have to apologize this week when it was brought to our attention of the work by an individual during Grayling's Beautification day a while back...a couple weeks ago we mentioned here of how nice Michigan Avenue looks after the different state's flags were put up and of the flower bed in front of city hall...we didn't know this until a local downtown merchant brought it to our attention that Grayling's elder statesman, Bill Joseph, of the Mercantile took it upon himself to clean up the entire block where the Merc is located both out in front and down through the alley...we are sorry we missed his endeavor and at this point...a bouquet and a tip of the derby from the ol' fella...

Our heart goes out to friend R.J., it seems that trouble will not leave him alone...with all of his misfortunes in travel and the like, we understand now there is a bat in his life...while visiting with a few friends last week we were told that R.J. following one of the many graduation parties he is invited to (he is real popular), he returned home with a friend and decided to watch a little TV, when all of a sudden a bat appeared to the astonishment of R.J. and friend...we were told at first he grabbed a blanket and threw it over himself and friend trying to hide I guess...then finally Batman, alias R.J., got up enough courage to chase the bat out of the house...we don't know if his home is up for sale or not...and we couldn't find out who Batman's friend, Robin, was that evening...

We were in Evert Sunday attending the graduation reception of our niece's son Scott Schlaack...not too many know Dave and Karen Schlaack here in Grayling, but Karen is the daughter of our elder brother Svend and Helen Madsen of Gaylord...what brought this little bit into our column is the fact that we didn't know that our older brother was such a speeder, anyhow it seems he was hurrying to get to the commencement exercises and picked himself up a ticket, and he was just a block from where he was headed...he told me the officer felt sorry for him and reduced the speed he was traveling...probably was his age that proved the difference...while there we had a chance to visit with our elder sister, Bea and Bud Quay, also from Gaylord, we see them about twice a year sometimes...

We haven't heard too much about the 4th of July celebration sponsored by the Grayling Booster Club coming up in a couple of weeks...maybe someone will let us know this week...if we find out we'll let you know through the pages of the Avalanche...

Monday was Flag Day...not very many remembered to display the colors...Monday was also school election day, we hope many remembered that and went to the polls...it is truly the American way...there are very few nations that have the same rights we have here in Uncle Sam's land...

This takes care of this week's turkey...we're headed to the backyard for an orange pop...good-night T.J., Stefany and Amber...and to all of our readers don't forget this is a mighty important weekend...don't forget Dad...

**"The Caddis Hatch"**

On Saturday morning, June 19 at 10 a.m., the Old AuSable will present an hour long slide presentation on "The Caddis (Hexagenia) Hatch". The film was developed by Mike Wieland and Mike Delp during an actual riverboat float trip amidst last year's Caddis Hatch. For the first year fisherman, as well as the seasonal pros, we think it's a great opportunity to take a close look at all the excitement & success one can experience during the Caddis Hatch. It's free, please join us. The guest fly tier this week is John Wejrowski, of Grayling. One of the better East Branch fisherman in town, John has some outstanding Hexagenia patterns and will also be on hand most of Saturday to help you with your fly tying needs and information on area streams. Along with our slide presentation and guest fly tier, we'll also have several Father's Day specials for that hard working man in your life. Stop in, we've been working long hours in preparation of the Caddis hatch. We think we have what you need in pursuit of those big trout.

The Kirtland Community

midst of a fundraising drive  
to raise nearly \$200,000 for

institutions from other  
communities in the college  
service area to contribute to  
the program.

The Foundation will need  
the support of all facets of  
every community within its

## Vikes Lose in Pre-District

Brad Trenary belted out two home runs for Grayling but seven errors by the green and white led to a 8-5 loss to Houghton Lake.

The Vikings, if they could have got past Houghton Lake, would have played in the district tournaments on their own field.

Houghton Lake took the lead early scoring seven runs on only three hits thanks to six Viking mistakes.

Grayling got on the board in the second when senior Brad Trenary knocked out a home run. Terry Norman reached first on an error and scored on Mike Hickey's single.

Grayling scored two more in the fifth when Monte D'Amour singled and Trenary hit another home run.

Grayling scored its last run in the sixth when Hickey doubled and scored on Jamie Radebaugh's single.

Houghton Lake hit a home run in the seventh to end the scoring.

Grayling ends its season at 3-11. The J.V. squad finished 5-5. Leading hitters for the J.V.'s were Jim Stewart and Rusty DeHart with 5 hits apiece, Jeff Branch and Ken Lademan with 3 hits apiece, and Dan LuDuke and Jon Nicholas with 2 hits apiece.

were selling for less. He said he expected 1983 assessments to remain at 1982 levels.

Col. Ivan Gwilt, who assumed command of Camp Grayling May 1, said continued expansion of camp training facilities to handle up to 17,000 soldiers at a time would take place in areas of the military reservation away from the lake shoreline. Member questions focused on plans to create a site for floating-bridge exercises by military engineers at Little Bear Point in the next two to three years.

Howard Taylor, director of the Hanson Hills Recreation Area, said the sports park had a good winter, financially, but was forced to look for additional sources of revenue to support year-round operation.

Taylor said a variety of entertainment and recreational programs were under consideration as potential sources of income, including attractive musical programs, the "Kids Theater" activity formerly sponsored by the local school district, and touring carnivals and circuses.

The Association's past position has been to oppose the improper exploitation of publicly-owned state lands by private commercial interests, but to support community recreational uses that were not environmentally disruptive.

Moulton announced that the LMPOA's next membership meeting would be held at 10 a.m. Saturday, July 3, in the St. Francis Episcopal Church Hall. This is the Association's annual election meeting, at which three of the nine-member Board of Directors are chosen for three-year terms. Directors then elect officers for the following year.

Senate Agency Sees Little Revenue Increase, More Cuts

Warren M. Hoyt, Executive Director, MPA

An updated 1982-83 forecast by the Senate Fiscal Agency foresees revenues only 4.3 percent higher than current year general fund spending and noted significant cuts will have to be made to current services to produce a balanced budget. The estimates presume a moderately-paced economic recovery beginning this summer. Projections by Ted Ferris, director of the agency, are \$310 million below those of Governor William G. Milliken's \$4.98 billion general fund estimates made in January while, revenue forecasts for the School Aid fund are \$72 million less than those of Milliken. A later March "consensus" forecast agreed to by the agency, the Department of Management and Budget and the House Fiscal Agency, had already reduced the original estimate by \$130 million. Ferris said the lowered forecasts are due to a slower-paced economic recovery and the reduced revenues for the current year, which he said are \$40 million below the March consensus figures. He is projecting a beginning of real growth in the state economy by the third quarter of 1982, due to federal tax cuts, low inflation and lower interest rates. Although in part, using the econometric model of the University of Michigan's Research Seminar in Quantitative Economics, the SFA forecast takes a less optimistic view of the state's dominant industry - 8.5 million auto sales in 1982 compared to 9.5 and 10.4 million in 1983 compared to 11.8 million. If the more optimistic forecasts are used, Ferris said, revenue estimates could be boosted \$140 million above his latest numbers. Although his revised forecast of

revenues in 10.2 percent above revenues for the current year, he said spending could increase only 4.3 percent because of the distortion caused by the temporary \$300 million income tax increase this year. The forecast allows only \$193 million more to be spent in 1982-83 than during the current year. Ferris said he is still putting together a "current services" budget, but added it is clear the limited additional revenues will not support those services. But if cuts are made to match the new revenue forecast, he said, "I believe we will have adopted a budget which is realistic, consistently-based and far less subject to revision than the current year's budget." Following the forecast, a special Senate committee set revenue and target spending figures for fiscal 1982-83. Revenue estimates were set at \$4,646.4 million (plus \$26.6 million in already appropriated state building authority rent) while the spending targets for the fiscal year beginning October 1 were set at \$4,646 million. The special committee, comprised of Senate leaders, members of the Appropriations Committee and the chairman of the Finance Committee - did not reach total harmony on the spending targets as Republican members called for additional cuts in the social services budget. The target budget resolution establishes spending in five general categories. They are human services at \$2,339.6 million; education at \$1,305.3 million; general government at \$359.4 million; law enforcement at \$416.6 million and business and industry at \$224.9 million.

RSVP Reports

by Sherry Haag, Director

Welcome to news of the Retired Senior Volunteer Program. This week I'd like to tell you about RSVP and what it means to be a member. The Retired Senior Volunteer Program is a part of ACTION, the federal agency for volunteer service, sponsored locally by the Crawford County Commission on Aging. Through RSVP, if you are age 60 or over (there are no upper age limits), you will be given an opportunity to contribute your time, experience, knowledge, and interest to others in your own community who need you and your commitment. As a volunteer, you'll have the unique opportunity to be of service to fellow citizens by offering your skills to your own community for the good of all, since all RSVP programs are community sponsored. RSVP activities are as diverse and numerous as senior volunteers. They serve in the areas of health/nutrition, education, economic development, energy/conservation, community service and many others. The list of things to be done is endless. You'll find that as a senior volunteer, what you receive is often more than you give. Your life will be enriched many times over by the welcome given to your active participation in community service. To become active in your local RSVP, it takes nothing more than a phone call. Registration can be done at your convenience, either at the RSVP office or your home. Assignment to a station of your choice is made as quickly as possible. An RSVP recognition meeting is held in the spring of the year. Volunteers are honored for their community service with pins, seals and certificates. Assistance with transportation is provided when needed. On some assignments reimbursement for meals (up to a designated amount and if volunteer service overlaps a meal hour and is for 3 hours or more) is provided. Reports of volunteer service time are turned in monthly to the RSVP office. Occasional meetings or get togethers for RSVP volunteers are held periodically. For more information about RSVP call 348-4341 or 348-8322, Monday thru Friday. Substitutes are needed for Hartwick Pines and the Historical Society Museum. These include morning and afternoon time periods. We are also in need of people that would be interested in driving. We received requests from patients at the hospital for transportation to Traverse City or Petoskey. If you'd be interested please give us a call.

CARD OF THANKS

I would like to thank all my friends, neighbors and the members of Calvary Baptist Church for their cards and letters while I was recuperating from a stroke and eye surgery. A special thanks to my sister, Shirley Robinson, who helped me during this time, to my sister and brother-in-law, Mr. and Mrs. Richmond Oliver for bringing me home to Grayling, and to Marge Schriener, Anita Niederer and Mae Niederer for all of their kindnesses to me.

JOHN WILL BE BACK TO WORK TODAY

SHOULD WE BRING UP MARY'S DEATH?

A good guideline when a friend loses a loved one is to express your sympathy at the funeral or visitation. If for some reason you didn't get the chance to do that then, express your feelings at the first opportunity. After that, make it clear that you're willing to listen to your friend if he or she wants to talk. Some bereaved persons report that friends avoid them, or else they go to the other extreme and talk about the death constantly. Neither of these is appropriate. Resuming old conversational topics while allowing the person to bring up their feelings about the death is the best way to be helpful. Death is a part of life, it should not be overly dwelled on or avoided.

Grayling-A day long inspection tour of Camp Grayling and surrounding facilities was made recently by Lt. Gen. Laverne Weber, Chief of the National Guard Bureau, Washington D.C.

Michigan Adjutant General Maj. Gen. John Johnston told a group of over 60 Crawford County business people that Weber's tour was to acquaint him first hand with one of the finest National Guard facilities in the nation.

Weber and Johnston spoke briefly at a luncheon hosted

by the Grayling Regional Chamber of Commerce. Executive Director Debbie Branch said that the luncheon was held to further good relationship between the community and the guard.

Weber introduced Pat Hillier, assistant secretary of the Army for logistics whom he said was on the tour to prove to him that Camp Grayling existed.

Weber told the audience that many new installations are being planned for the camp. He specifically men-

tioned the new Ammunition Supply Depot which will be constructed this summer. He said that over 500,000 persons now belong to the army and air National Guard. He noted that the families, employers and communities are key elements in keeping the guard strong.

A reception will be held Thursday, June 17 at 5:30 p.m. for non commissioned officers of the Michigan National Guard. The affair will be held at Borchers' Canoe Livery. The charge will be \$3 per person and all citizens are invited to attend.

Survivors include his wife, Helen (Millikin); son, Keith of Lake Odessa; daughter, Mrs. Don (Kay) Leslie of Mio and six grandchildren. For those wishing to make Memorial Contributions the family suggests either the Michigan Heart Association or the American Cancer Society.

**A RELAXING MOMENT**—Although the British are cramming all the training possible in their two-week stay here, they still found time to enjoy their visit to America. In the picture above, five British soldiers pose for a picture after a sightseeing ride in a helicopter. Other British soldiers found time to try American beer. Most said it was colder, lighter, and not as potent as their homeland beer. One soldier even said our beer tasted like someone wrung out their socks in it. The entire 120 British squad marched in a parade in Sault Ste. Marie last weekend and visited Mackinac Island.

**HIT THE DECK**—British troops hit the ground with rifles ready after unloading from a helicopter on field maneuvers. British Captain Robert Wharton said the helicopter training here was great for his men as they don't often have opportunities to train with helicopters in England. At Camp Grayling the helicopters are taken for granted — an everyday tool for training. Wharton said in his ten years of service in England he had only taken his men up in helicopters three times.

**EXCELLENT CONDITION**—One of the British soldiers training at Camp Grayling said the "stiff upper lip" attitude of the British is still very prevalent in today's military forces. Evidence of their toughness is the excellent physical condition of the soldiers. The British soldiers carry rifles several pounds heavier than the American M-16 and also carry field packs with more equipment than their American counterparts.

## News of Good Things Growing

**By Margaret G. McCall**  
Time to prepare a picnic and plan to soak up the summer sunshine. To help you along, nearly 50 commercial food crops are included among the good things growing in Michigan.

Skewered meats and vegetables make a nice and easy combination. We talk of shish kebabs, and are indebted to the Persian, Armenian and Turkish languages for the name. Generally, Kebabs (or kabobs) are made with cubes of marinated lamb or beef, interspersed with chunks of onions and green peppers, whole mushrooms, and often tomatoes.

I like to use cubes of cooked ham and fresh pineapple chunks for a change, basting the skewers with a mixture of lemon juice and honey. Cubed chicken also goes well with this combination.

But don't think just of meat and cubes for skewers. You can also use thin strips of marinated steak threaded on skewers, and you can use meatballs. Which brings me to a recipe for meatballs made with fresh ground pork I think you'll like.

Combine 1 pound fresh ground pork, 1 cup dry bread crumbs, 1 tablespoon minced dried onion, 1 tablespoon dried parsley flakes and a dash or two of Tabasco. Mix well and shape into meatballs. Thread on skewers alternately with green pepper chunks, being careful not to crowd. Grill over a slow fire, turning often, until done, about 15 to 30 minutes.

Delicious served with Michigan baked beans and cole slaw.

### An Open Letter To the People of Crawford County

Re: The Homemaker Program for our Senior Citizens.

We have in our community a self-help program administered through the Senior Citizens Center. It is a program of which many of us living in Crawford County may still be unaware.

There are many elderly among us who desire to maintain their own homes. They are not candidates for a nursing home setting, but because of age or illness they sometimes find it necessary to receive some assistance in keeping their households clean and orderly.

The Homemakers Services headed by Mrs. Joyce Hankins, is one of the components of our Senior Citizen Program and is the consummate answer for our older folks who need just a little extra help. The Center employs a small group of hard working devoted ladies who daily visit the homes of the qualified clients. They perform the regular household duties that we who are younger and more agile do not find difficult to do ourselves.

They may take them to the grocery and help them bring home their supplies, or possibly a trip to the pharmacy for needed prescriptions. Some of our elderly find public transportation to be a barrier, given their individual circumstances and therefore a lift to the doctors office for an appointment can be very important.

Most of the services carried out by the homemakers are routine and uncomplicated, like laundry, vacuuming dusting etc. To an older person striving to remain independent these "simple" services are vital. Most of the elderly Clients do contribute on a monthly basis to cover a portion of the cost of services provided.

Many of our retirees would be forced into an institutionalized facility at great cost to all of us if this program were to be discontinued.

Our community is fortunate to have one of the finest Senior Citizens Centers in the state. Offering a wide range of practical and recreational programs. There is no question that the Homemakers Service is one of the most essential.

If you are an older resident who feel that you are qualified to receive the help of a Homemaker or if you know of someone whom you think could use the service call the Center (348-9314) or come in to the Center located at 308 Lawndale, between 8:30 a.m. and 4:30 p.m. for more information.

Let us hope that there is not one Senior Citizen in our area who stands in need and is not able to find a helping hand. As long as the Homemaker Program is allowed to continue this is a hope that can be realized.

## Attend the Church of Your Choice

There's a great satisfaction in surf-fishing at sunset. Why? Is it because happiness is the serenity of the evening hours or is it because happiness is serenity?

Our moods as well as our interests determine what happiness is for each of us. And our emotions, our longings, our appreciation of nature—all play a part.

What we believe makes a difference, too. There are countless individuals for whom happiness is faith. And there are others who lack this spiritual ingredient and they wonder why they aren't happy.

A scene like this gains new dimensions when you think of the sea as God's creation... and of man as God's child.

## Doodles From The Tall Timber

Wendell L. Hoover

A short time ago while coming out of the picnic area with a truck, I saw a large snake crossing the road. There was no need to run over it, but I was curious as to its kind. It turned out to be a hognosed snake which has several dangerous-sounding names such as hissing adder, blow viper, spreading adder, hissing sand snake, and puff adder. There are only three varieties of the hognosed in North America: the eastern, southern and western. They are serpents of unusual behavior. When threatened, they flatten their heads and necks, hiss loudly and inflate their bodies with air, producing a show of hostility that has earned them a bad reputation. If you fail to retreat or you prod the snake with a stick, it will soon roll on its back, open its mouth, give a few convulsive movements, and then lie still as if dead. If you turn the snake right side up, it promptly rolls over again giving the bluff away. Toads and frogs are the principal foods for adults and insects for the young. The upturned nose is the best field identification because the color varies a great deal ranging through yellow, brown, gray, orange, black, or even reddish. The black and gray colors seem to be most prevalent in this area.

## Strolling Around Town

By Fay Bovee

The finishing touches on the city street improvement south of Michigan Avenue continues as the city crew aided by the boys from Camp Shawono have been filling and leveling between the curb and sidewalk. The city manager told me that is all they will be able to do and without the Camp Shawono crew they would not be able to complete it. Thank you, Camp Shawono. The city will not seed or sod the area, so homeowners will be responsible. Many of them already have grass started, some I have previously mentioned and many more are underway. The Joe Whites on Ionia have seeded the front of several homes which they own. George and Rita McEvers have put the finish on theirs with a new driveway and flowers. The Keighleys on Chestnut have a nice lawn and the Juntillas and Campbells have started theirs.

And thanks to the city sweeper I have nice clean roads to walk on if the sidewalks are not cleaned.

Our bouquet this week goes to Bill Joseph and his employees who swept the entire hotel parking lot on Cleanup Day.

Also to present a better appearance to everyone, ourselves and visitors, please don't put out your garbage until Sunday night. This plea comes from the manager whom I talked to.

Watch where I stroll next week—
